(+ VAT + DELIVERY)

FRONT VIEW

REAR VIEW

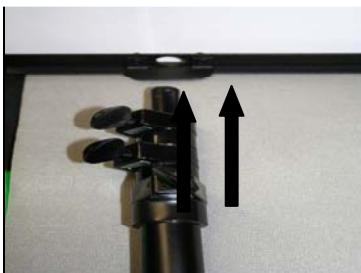

**Kit includes:** top rail, bottom rail, stabilising feet, telescopic poles, 2.5m VFX Fabric and carry bag.

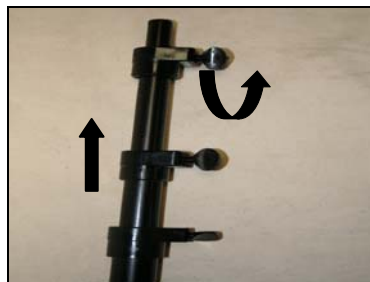

**1.** Slot the bottom of the telescopic pole into the foot.

**2.** Take the stabilising foot and slide the bottom rail in the direction of the green arrow until it is centrally positioned and locked into place.

**3.** Carefully unroll the VFX screen and secure into position by locating the top rail hole with the telescopic pole.

**4.** Lengthen the pole by pulling out each section to the desired height, and lock into position by turning the key clockwise.
